

PEDAGOGICAL UNIVERSITY OF CRACOW

Cracow is one of the most beautiful cities of Europe.

It is here that science, culture and art are created. Theatres, opera, museums, art galleries as well as lots of concerts, festivals and outdoor events all give this place a unique character.

ACADEMIC CRACOW

Academic Cracow means over 650 years of university traditions, 22 universities and colleges, almost 200,000 students, outstanding staff and unusual courses – there are reasons to be proud.

Cracow is a classic example of a university centre with traditions. It is here that the oldest Polish university is located, and student make up nearly a quarter of the city's population.

Prestige and age-long history, not to mention the attractions of the city itself, attract young people from all over Poland and abroad.

MODERN

APPROACH TO EDUCATING

For over 70 years, we have been consistently and caringly investing in the development of science and in innovation. These are the areas that build the strength of the University and ensure that it occupies a prominent place among Polish and foreign universities.

We assist students in achieving their professional dreams and ambitions through a modern approach to educating. We show practical applications of knowledge. We motivate them to find talents within themselves and support them in accomplishing their academic ambitions.

MODERN

APPROACH TO EDUCATING

We care about the students' and the lecturers' comfort of work. We are methodically developing the infrastructure and the modern research facilities. We are creating an environment promoting academic research, social and artistic projects, collaboration and communication.

All in the interests of our graduates that they might search for innovative solution, and be perfect in building their competitiveness and functioning in the market conditions.

LINKS

WITH BUSINESS AND INDUSTRY

The Pedagogical University closely cooperates with the sphere of business and industry. The effects of strengthening these relations include:

- development of new courses and specialisations taking account of the needs of the dynamically developing labour market
- contracts with representatives of the sector of industry and services
- collaboration with HR departments of the largest enterprises and building a job database dedicated to students and graduates of the Pedagogical University
- meetings and trainings with representatives of industry and business, providing a forum for exchanging knowledge, opinions and views.

WIDE OPPORTUNITIES

Students of the Pedagogical University are provided with opportunities to complete placements or part of the study course abroad, mainly within the framework of the Erasmus+ programme or under bilateral agreements between universities. At present, our university collaborates with almost 300 universities around the world.

Participation in them provides opportunities to pursue part of the studies, academic placements, language and other specialist courses abroad.
